TELL OF BENEFITS GIVEN BY Y. W. C. A.

Members Laud Work Done,
Speaking at Annual Meet-
ing of Association.

Personal testimony as to the varied advantages conferred by membership in the Young Women's Christian Association was given by a group of members speaking last night at the annual meeting of the big welfare organization held at main headquarters, 1333 F street north-west.

None of these speakers has any official connection with the association except that of plain membership, and their views were all the more welcomed because of that fact. They included Miss Margaret Brown, Miss Thelma Berry, Mrs. Homer Guerry, Miss Gladys Smith and Miss Esther L. Jones.

Reports by Officers.
Mrs. Robert Lansing, president of the board of directors of the District Y. W. C. A., presided, and in her report discussed the administrative phases of association work during the past year, while Miss Gertrude MacArthur, general secretary, detailed the general activities of the various departments.

Mrs. Stough and Mrs. Ethel Walkfield discussed local women's club work, while talks on the subject of Somers annex were contributed by Miss Margaret Brown, Miss Mary Davis, Miss Helen Findley, Miss Cecilia Martin and Miss Viola Story. A report regarding the new constitution was laid before the meeting by Miss Elizabeth Eastman, and will be considered during the ensuing year, and will be acted on at the 1923 meeting.

Ten members of the board of directors, a third of which automatically goes out of office each year, were either re-elected or newly chosen. New directors are Mrs. John Denby Hird, Mrs. Samuel MacClintock and Miss Alys Downing. Those re-elected were Miss Frances Chickering, Mrs. Herbert E. Day, Miss Estelle Foster, Miss Margaret R. Fox, Mrs. James E. Freeman, Mrs. John C. Letts and Mrs. Eva Gowing Weston.

Recognition Service.
The meeting was largely attended and the subject more than the usual amount of business. In connection with the subject of advantages of membership in the association there will be a "recognition service" for new members next Wednesday evening at 8 o'clock, at main headquarters. Both the benefits and the significance of membership will be stressed.

NEW FOWL APPEALS TO EYE ON PLATTER OR IN CHICKEN YARD

Harry Lamson, chief of the government experimental station, has developed a new type of fowl, which has caused a sensation at the Madison Square Garden poultry show now being held in New York.

The new fowl, which is called the Lamona, after Mr. Lamson, is a cross-breed of the silver gray Dorking of England, the Plymouth Rock and the single-comb white Leghorn. The object sought was a white bird with red earlobes, yellow skin and legs, which should lay white eggs and have desirable table qualities. Poultry experts declare the new bird will be a desirable addition to the poultry world.

WANTS NEW CONDUIT.
Restoration of the item in the District appropriation bill setting aside \$3,000,000 for construction of a conduit to increase the water supply of Washington was urged in a resolution adopted at a meeting of the Conduit Road Citizens' Association last night at St. David's Parish Hall.

Speakers on the resolution pointed out that the present conduit is in need of repair and in case of a breakdown the water supply of the city may be greatly curtailed while repairs are being made.

Four candidates for membership were elected. L. E. White presided.

ORDERED TO HOLABIRD.
Warrant Officer Oliver W. Reynolds at the general intermediate depot, this city, has been ordered to Camp Holabird, Md., for duty.

TRANSFER NAVY OFFICERS.
Commander John F. Green, commanding the U. S. S. Nicholson, has been assigned to the command of the U. S. S. Sacramento as the relief of Commander Donald C. Bingham, who is assigned to duty in the bureau of naval operations, Navy Department.

A Message to Washington Men

ASHURST IN DEFENSE OF AGRICULTURAL BLOC
Organized to Aid Business Through Saving of Farmers, Senator Tells Lumbermen.

By the Associated Press.
PHILADELPHIA, January 27.—United States Senator Henry F. Ashurst of Arizona told the Pennsylvania Lumbermen's Association, at its annual banquet last night, that the congressional agricultural bloc was not organized to injure business, "as its defenders have claimed," but to help all lines of business and industry.

"Unless the tiller of the soil is aided at this time," he declared, "all will suffer with him. The agricultural bloc is helping to save the country."

"The bloc stands firm in its demands for legislation that will provide either government or private federal good roads aid, agricultural protection on the Federal Reserve Board and the unheard-of tariff protection equal to that of manufactured articles."

Senator Ashurst said too much time was being spent in Washington on foreign affairs, "while the most vital needs of our own country are neglected."

LEAVE LOCAL NAVY YARD.
Naval officers at the Washington Navy Yard have been assigned to other stations as follows: Lieut. Alfred H. Baisley to Philadelphia; Lieut. Charles E. C. Carey to Indian Head, Md.; Lieut. Robert T. Darrow to Indian Head, Md.; Lieut. Otto Nimitz to Philadelphia, and Lieut. Leighton Wood to Indian Head, Md.
